VODVOICE (The “V”) Privacy Policy

THE “V”TM
THE “V”SPOTTM

Your World **Your Thoughts** **Your Voice**

VODVOICE (The “V”) Privacy Policy

VODVOICE hereinafter “The “V””, believes that you should always know what data the Company is collecting from you and how the Company uses it, and that you should have meaningful control over both. The “V” wants to permit you to make the best decisions about the information that you share on The “V.”

That is the basic purpose of this Privacy Policy.

You should read this policy in full, and here are some important things you should take away from it:

The “V” is a PREMIUM and PUBLIC social media platform. Tags which are the texts sent back and forth between members are immediately viewable and searchable by anyone around the world. The “V” utilizes an immutable BLOCKCHAIN registration process for identification purposes. There will be a onetime registration fee of \$5 that will let VODVOICE know that you are you and not just another “bot.” Any SPAM emails on The “V” will be charged \$20 per SPAM email and as such will become quite expensive for any spammers. Any and all transactions will be recorded on the BLOCKCHAIN, and which will become an immutable record. The fee \$5 will go towards the purchase of a VOREUM Token which will serve as the official medium of exchange between members for viewing videos, listing to music, playing games, and providing services. Please review section B.11 for more detail on how your Token could increase in value. We give you non-public ways to communicate on The “V”, through protected Tags and Direct Messages. You can also use The “V” under a pseudonym if you prefer not to use your name.

When you use The “V”, even if you are just looking at Tags, we receive some personal information from you like the type of device you are using and your IP address. You can choose to share additional information with us like your email address, phone number, address book contacts, and a public profile. We use this information for things like keeping your account secure and showing you more relevant Tags, people to follow, events, and ads.

We give you control through your [settings](#) to limit the data we collect from you and how we use it, and to control things like account security, marketing preferences, apps that can access your account, and address book contacts you’ve uploaded to The “V”. You can also [download](#) information you have shared on The “V”.

In addition to information you share with us, we use your Tags, content you’ve read, Liked, or Re-Tagged, and other information to determine what topics you are interested in, your age, the languages you speak, and other signals to show you more relevant content. We give you [transparency](#) into that information, and you can modify or correct it at any time.

If you have questions about this policy, how we collect or process your personal data, or anything else related to our privacy practices, we want to hear from you. You can [contact us](#) at any time.

A - Information You Share With Us

We require certain information to provide our services to you. For example, you must have an account in order to upload or share content on The “V”. When you choose to share the information below with us, we collect and use it to operate our services.

1. [Basic Account Information](#)
2. [Public Information](#)
3. [Contact Information and Address Books](#)
4. [Direct Messages and Non-Public Communications](#)
5. [Payment Information](#)
6. [How You Control the Information You Share With Us](#)

A.1- Basic Account Information

You do not have to create an account to use some of our service features, such as searching and viewing public “V” profiles or watching a broadcast on “V” VISION’s website. If you do choose to create an account, you must provide us with some personal data so that we can provide our services to you. On The “V” this includes a display name (for example, “The “V” Instances”), a username (for example, @TheVInstances), a password, and an email address or

phone number. Your display name and username are always public, but you can use either your real name or a pseudonym. You can also create and manage multiple The “V” accounts¹, for example to express different parts of your identity. Please note that each account will be subject to a onetime \$5 fee. Please see section ____ for more details.

A.2 - Public Information

Most activity on The “V” is public, including your profile information², your time zone and language, when you created your account, and your Tags and certain information about your Tags like the date, time, and application and version of The “V” you Tagged from. You also may choose to publish your location in your Tags or “V” profile. The lists you create, people you follow and who follow you, and Tags you Like or Re-Tag are also public. If you like, Re-Tag, reply, or otherwise publicly engage with an ad on our services, that advertiser might thereby learn information about you associated with the ad with which you engaged such as characteristics of the audience the ad was intended to reach. “V” VISION broadcasts you create, click on, or otherwise engage with, either on “V” VISION or on The “V”, are public along with when you took those actions. So are your hearts, comments, the number of hearts you have received, which accounts you are a Superfan of, and whether you watched a broadcast live or on replay. Any hearts, comments, or other content you contribute to another account’s broadcast will remain part of that broadcast for as long as it remains on “V” VISION. Information posted about you by other people who use our services may also be public. For example, other people may Tag you in a photo³ (if your settings allow) or mention you in a Tag.

You are responsible for your Tags and other information you provide through our services, and you should think carefully about what you make public, especially if it is sensitive information. If you update your public information on The “V”, such as by deleting a Tag or deactivating your account, we will reflect your updated content on vodvoice.com, The “V” for iOS, and The “V” for Android.

By publicly posting content when you Tag, you are directing us to disclose that information as broadly as possible, including through our APIs, and directing those accessing the information through our APIs to do the same. To facilitate the fast global dissemination of Tags to people around the world, we use technology like application programming interfaces (APIs) and embeds to make that information available to websites, apps, and others for their use - for example, displaying Tags on a news website or analyzing what people say on The “V”. We generally make this content available in limited quantities for free and charge licensing fees for large-scale access. We have standard terms that govern how this data can be used, and a compliance program to enforce these terms. But these individuals and companies are not affiliated with The “V”, and their offerings may not reflect updates you make on The “V”. For more information about how we make public data on The “V” available to the world, visit <https://developer.vodvoice.com>.

A.3 - Contact Information and Address Books

We use your contact information, such as your email address or phone number, to authenticate your account and keep it - and our services - secure, and to help prevent spam, fraud, and abuse. We also use contact information to enable certain account features (for example, for login verification or The “V” via SMS), and to send you information about our services, and to personalize our services, including ads. If you provide us with your phone number, you agree to receive text messages from The “V” to that number as your country’s laws allow. The “V” also uses your contact information to market to you as your country’s laws allow, and to help others find your account if your settings permit, including through third-party services and client applications. You can use your settings for email and mobile notifications to control notifications you receive from The “V”. You can also unsubscribe from a notification by following the instructions contained within the notification or here.

You can choose to upload and sync your address book on The “V” so that we can help you find and connect with people you know and help others find and connect with you. We also use this information to better recommend content to you and others.

You can sign up for “V” VISION with an account from another service like The “V”, Google, or Facebook, or connect your “V” VISION account to these other services. If you do, we will use information from that service, including your email address, friends, or contacts list, to recommend other accounts or content to you or to recommend your account or content to others. You can control whether your “V” VISION account is discoverable by email through your “V” VISION settings.

If you email us, we will keep the content of your message, your email address, and your contact information to respond to your request.

A.4 - Direct Messages and Non-Public Communications

We provide certain features that let you communicate more privately or control who sees your content. For example, you can use Direct Messages to have non-public conversations on The “V”, protect your Tags, or host private broadcasts on “V” VISION. When you communicate with others by sending or receiving Direct Messages, we will store and process your communications and information related to them. This includes link scanning for malicious content, link shortening to <http://vodvoice.com/> URLs, detection of spam⁴, abuse and prohibited images, and use of reported issues. We also use information about whom you have communicated with and when (but not the content of those communications) to better understand the use of our services, to protect the safety and integrity of our platform, and to show more relevant content. We share the content of your Direct Messages with the people you have sent them to; we do not use them to serve you ads. Note that if you interact in a way that would ordinarily be public with The “V” content shared with you via Direct Message, for instance by liking a Tag, those interactions will be public. When you use features like Direct Messages to communicate, remember that recipients have their own copy⁵ of your communications on The “V” - even if you delete your copy of those messages from your account - which they may duplicate, store, or re-share.

A.5 - Payment Information

You may provide us with payment information⁶, including your credit or debit card number, card expiration date, CVV code, and billing address, in order to purchase advertising or other offerings provided as part of our services.

A.6 - How You Control the Information You Share with Us

Your Privacy and safety settings let you decide:

- Whether your Tags are publicly available on The “V”
- Whether others can tag you in a photo
- Whether you will be able to receive Direct Messages from anyone on The “V” or just your followers
- Whether others can find you based on your email or phone number
- Whether you upload your address book to The “V” for storage and use
- When and where you may see sensitive content on The “V”
- Whether you want to block or mute other The “V” accounts

B - Additional Information We Receive About You

We receive certain information when you use our services or other websites or mobile applications that include our content, and from third parties including advertisers. Like the information you share with us, we use the data below to operate our services.

- Location Information
- Links
- Cookies
- Log Data
- The “V” for Web Data
- Advertisers and Other Ad Partners
- Developers
- Other Third Parties and Affiliates
- Personalizing Across Your Devices
- How You Control Additional Information We Receive

B.1 - Location Information

We require information about your signup and current location, which we get from signals such as your IP address or device settings, to securely and reliably set up and maintain your account and to provide our services to you.

Subject to your settings, we may collect, use, and store additional information about [your location](#) - such as your current precise position or places where you've previously used The "V"- to operate or personalize our services including with more relevant content like local trends, stories, ads, and suggestions for people to follow. Learn more about The "V"'s use of location [here](#), and how to set your "V" location preferences [here](#). Learn more about how to share your location in "V" VISION broadcasts [here](#).

B.2 – Links

In order to operate our services, we keep track of how you interact with links across our services. This includes links in emails we send you and links in Tags that appear on other websites or mobile applications.

If you click on an external link or ad on our services, that advertiser or website operator might figure out that you came from The "V" or "V" VISION, along with other information associated with the ad you clicked such as characteristics of the audience it was intended to reach. They may also collect other personal data from you, such as cookie identifiers or your IP address.

B.3 – Cookies

A cookie is a small piece of data that is stored on your computer or mobile device. Like many websites, we use cookies and similar technologies to collect additional website usage data and to operate our services. Cookies are not required for many parts of our services such as searching and looking at public profiles. Although most web browsers automatically accept cookies, many browsers' settings can be set to decline cookies or alert you when a website is attempting to [place a cookie on your computer](#). However, some of our services may not function properly if you disable cookies. When your browser or device allows it, we use both session cookies and persistent cookies to better understand how you interact with our services, to monitor aggregate usage patterns, and to personalize and otherwise operate our services such as by providing account security, personalizing the content we show you including ads, and remembering your language preferences. We do not support the Do Not Track browser option. You can learn more about how we use cookies and similar technologies [here](#).

B.4 - Log Data

We receive information when you view content on or otherwise interact with our services, which we refer to as "Log Data," even if you have not created an account. For example, when you visit our websites, sign into our services, interact with our email notifications, use your account to authenticate to a third-party service, or visit a third-party service that includes The "V" content, we may receive information about you. This Log Data includes information such as your IP address, browser type, operating system, the referring web page, pages visited, location, your mobile carrier, device information (including device and application IDs), search terms (including those not submitted as queries), and cookie information. We also receive Log Data when you click on, view, or interact with links on our services, including when you install another application through The "V". We use Log Data to operate our services and ensure their secure, reliable, and robust performance. For example, we use Log Data to protect the security of accounts and to determine what content is popular on our services. We also use this data to improve the content we show you, including ads and to improve the effectiveness of our own marketing.

[We use information you provide to us and data we receive, including Log Data and data from third parties](#), to make inferences like what topics you may be interested in, how old you are, and what languages you speak. This helps us better promote and design our services for you and personalize the content we show you, including ads.

B.5 - The "V" for Web Data

When you view our content on [third-party websites](#) that integrate The "V" content such as embedded timelines or Tag buttons, we may receive Log Data that includes the web page you visited. We use this information to better understand the use of our services, to protect the safety and integrity of our platform, and to show more relevant content, including ads. We do not associate this web browsing history with your name, email address, phone number, or username, and we delete, obfuscate, or aggregate it after no longer than 30 days. We do not collect this data from browsers that we believe to be located in the European Union or EFTA States.

B.6 - Advertisers and Other Ad Partners

Advertising revenue allows us to support and improve our services. We use the information described in this Privacy Policy to help make our advertising more relevant to you, to measure its effectiveness, and to help recognize your devices to serve you ads on and off of The "V". Our ad partners and affiliates [share information with us such as browser cookie IDs, mobile device IDs, hashed email addresses, demographic or interest data, and content viewed or actions taken on a website or app](#). Some of our ad partners, particularly our advertisers, also enable us to collect similar information directly from their website or app by integrating our advertising technology. Information shared by ad partners and affiliates or collected by The "V" from the websites and apps of ad partners and affiliates may be combined

with the other information you share with The “V” and that The “V” receives about you described elsewhere in our Privacy Policy.

The “V” adheres to the Digital Advertising Alliance Self-Regulatory Principles for Online Behavioral Advertising (also referred to as “interest-based advertising”) and respects the DAA’s consumer choice tool for you to opt out of interest-based advertising at <https://optout.aboutads.info>. In addition, our ads policies prohibit advertisers from targeting ads based on categories that we consider sensitive or are prohibited by law, such as race, religion, politics, sex life, or health. Learn more about your privacy options for interest-based ads here and about how ads work on our services here.

If you are an advertiser or a prospective advertiser, we process your personal data to help offer and provide our advertising services. You can update your data in your “V” Ads dashboard or by contacting us directly as described in this Privacy Policy.

B.7 - Developers

If you access our APIs or developer portal, we process your personal data to help provide our services. You can update your data by contacting us directly as described in this Privacy Policy.

B.8 - Other Third Parties and Affiliates

We may receive information about you from third parties who are not our ad partners, such as others on The “V”, partners who help us evaluate the safety and quality of content on our platform, our corporate affiliates, and other services you link to your “V” account.

You may choose to connect your “V” account to accounts on another service, and that other service may send us information about your account on that service. We use the information we receive to provide you features like cross-posting or cross-service authentication, and to operate our services. For integrations that The “V” formally supports, you may revoke this permission at any time from your application settings; for other integrations, please visit the other service you have connected to The “V”.

B.9 - Personalizing Based On Your Inferred Identity

When you log into The “V” on a browser or device, we will associate that browser or device with your account for purposes such as authentication, security, and personalization. Subject to your settings, we may also associate your account with browsers or devices other than those you use to log into The “V”(or associate your logged-out device or browser with other browsers or devices). When you provide other information to The “V”, including an email address, we associate that information with your “V” account. Subject to your settings, we may also use this information in order to infer other information about your identity, for example by associating your account with hashes of email addresses that share common components with the email address you have provided to The “V”. We do this to operate and personalize our services. For example, if you visit websites with sports content on your laptop, we may show you sports-related ads on The “V” for Android and, if the email address associated with your account shares components with another email address, such as shared first name, last name, or initials, we may later match advertisements to you from advertisers that were trying to reach email addresses containing those components.

B.10 - How You Control Additional Information We Receive

Your “V” Personalization and data settings let you decide:

- Whether we show you interest-based ads on and off The “V”
- How we personalize based on your inferred identity
- Whether we collect and use your precise location
- Whether we personalize your experience based on where you have been
- Whether we keep track of the websites where you see The “V” content

You can use Your “V” data to review:

- Advertisers who have included you in tailored audiences to serve you ads
- Demographic and interest data about your account from our AD partners
- Information that The “V” has inferred about you such as your age range, gender, languages, and interests

We also provide a version of these tools on The “V” if you don’t have a The “V” account, or if you are logged out of your account. This lets you see the data and settings for the logged out browser or device you are using, separate from any The “V” account that uses that browser or device. On “V” VISION, you can control whether we personalize your experience based on your watch history through your [settings](#).

Please see [here](#) for more details of how we collect and use your data.

B.11 – One Time Fee

The “V” is a PREMIUM and PUBLIC social media platform. Tags which are the texts sent back and forth between members are immediately viewable and searchable by anyone around the world. The “V” utilizes an immutable BLOCKCHAIN registration process for identification purposes. There will be a onetime registration fee of \$5 that will let VODVOICE know that you are you and not just another “bot.” Any SPAM emails on The “V” will be charged \$20 per SPAM email and as such will become quite expensive for any spammers. Any and all transactions will be recorded on the BLOCKCHAIN, and which will become an immutable record. The fee \$5 will go towards the purchase of a VOREUM TOKEN which will serve as the official medium of exchange between members for viewing videos, listing to music, playing games, and providing services.

Owners of the VOREUM TOKEN – (TOBOT) will have the opportunity to see their Token grow in value. The Token will be considered a pseudo stable Token as its value will be tied directly to real assets on deposit supporting the value of that Token. Upon the purchase of a Token, 50% of the purchase price will belong to the member and as such their respective Token can be redeemed for \$2.50 at any time. Once again, the TOKEN via the TOBOT will have the opportunity to grown in value

VOREUM Token

1. Each person that signs up for \$5 will receive a VOREUM TOKEN. Each VOREUM TOKEN will have the opportunity to increase in value via the revenue participation stream that VODVOICE offers to each TOKEN member.
2. Every \$1 that is utilized to play a game, 50% of that \$1 will go back to the pool and towards the bank and the value of the overall VOREUM TOKEN and the VOREUM COIN. 50% will reside with VODVOICE and go towards the value of the VOREUM COIN and 50% will go towards the value of the VOREUM TOKEN.
3. Games are pay to play. You do not have to be a member of VODVOICE to play the games. You must pay at least \$1 to play any of the games associated with VODVOICE.
4. The VOREUM COIN will derive its value from the fees and other revenue generating potential of the VOREUM TOKEN's.
5. The VOREUM TOKEN will be the medium of exchange for transactions for VODVOICE and the Games.

VOREUM Coin

1. The VOREUM COIN will be tied to Smart Contracts which will increase or decrease the coin supply accordingly. Upon reaching the 75% allocation total, a Smart Contract will automatically add 25,000,000 new VOREUM COINS to the total coin base. Upon the total VOREUM COIN allocation falling below the 75% allocation threshold, a Smart Contract will automatically subtract 25,000,000 VOREUM COINS from the total circulation.
2. The VOREUM COIN will expand, and contract as needed when the allocation exceeds or falls below the 25M VOREUM COIN threshold.
3. The VOREUM COIN will derived its real value from the VOREUM TOKEN.

C - Information We Share and Disclose

As noted above, The “V” is designed to disseminate information broadly and instantly you share publicly through our services. In the limited circumstances where we disclose your private personal data, we do so subject to your control, because it is important for operating our services, or because it is required by law.

- [Sharing You Control](#)
- [Service Providers](#)
- [Law, Harm, and the Public Interest](#)

- [Affiliates and Change of Ownership](#)
- [Non-Personal Information](#)

C.1 - Sharing You Control

We share or disclose your personal data with your consent or at your direction, such as when you [authorize a third-party web client or application](#) to access your account or when you direct us to share your feedback with a business. If you have shared information like Direct Messages or protected Tags with someone else who accesses The “V” through a third-party service, keep in mind that the information may be shared with the third-party service.

Subject to your settings, we also provide certain third parties with personal data to help us offer or operate our services. You can learn more about these partnerships in our [Help Center](#), and you can control whether The “V” shares your personal data in this way by using the “Allow additional information sharing with business partners” option in your [Personalization and Data settings](#). (This setting does not control sharing described elsewhere in our Privacy Policy, such as when we share data with our service providers, or through partnerships other than as described in our [Help Center](#).)

C.2- Service Providers

We engage [service providers](#) to perform functions and provide services for us in the United States, Ireland, and other countries. For example, we use a variety of third-party services to help operate our services, such as hosting our various blogs and wikis, and to help us understand the use of our services, such as Google Analytics. We may share your private personal data with such service providers subject to obligations consistent with this Privacy Policy and any other appropriate confidentiality and security measures, and on the condition that the third parties use your private personal data only on our behalf and pursuant to our instructions (service providers may use other non-personal data for their own benefit). We share your payment information with payment services providers to process payments; prevent, detect, and investigate fraud or other prohibited activities; facilitate dispute resolution such as chargebacks or refunds; and for other purposes associated with the acceptance of credit and debit cards.

C.3 - Law, Harm, and the Public Interest

Notwithstanding anything to the contrary in this Privacy Policy or controls we may otherwise offer to you, we may preserve, use, share, or disclose your personal data or other safety data if we believe that it is reasonably necessary to comply with a law, regulation, [legal process, or governmental request](#); to protect the safety of any person; to protect the safety or integrity of our platform, including to help prevent spam, abuse, or malicious actors on our services, or to [explain why we have removed content or accounts from our services](#)⁸; to address fraud, security, or technical issues; or to protect our rights or property or the rights or property of those who use our services. However, nothing in this Privacy Policy is intended to limit any legal defenses or objections that you may have to a third party’s, including a government’s, request to disclose your personal data.

C.4 - Affiliates and Change of Ownership

In the event that we are involved in a bankruptcy, merger, acquisition, reorganization, or sale of assets, your personal data may be sold or transferred as part of that transaction. This Privacy Policy will apply to your personal data as transferred to the new entity. We may also disclose personal data about you to our [corporate affiliates](#) in order to help operate our services and our affiliates’ services, including the delivery of ads.

C.5 - Non-Personal Information

We share or disclose non-personal data, such as aggregated information like the total number of times people engaged with a Tag, demographics, the number of people who clicked on a particular link or voted on a poll in a Tag (even if only one did), the topics that people are Tagging about in a particular location, some inferred interests, or reports to advertisers about how many people saw or clicked on their ads.

D - Managing Your Personal Information With Us

You control the personal data you share with us. You can access or rectify this data at any time. You can also deactivate your account. We also provide you tools to object, restrict, or withdraw consent where applicable for the use of data you have provided to The “V”. And we make the data you shared through our services portable and provide easy ways for you to contact us. Please note, to help protect your privacy and maintain security, we take steps to verify your identity before granting you access to your personal information or complying with deletion, portability, or other related requests.

- [Accessing or Rectifying Your Personal Data](#)

- [Deletion](#)
- [Object, Restrict, or Withdraw Consent](#)
- [Portability](#)
- [Additional Information or Assistance](#)

D.1- Accessing or Rectifying Your Personal Data

If you have registered an account on The “V”, we provide you with tools and [account settings](#) to access, correct, delete, or modify the personal data you provided to us and associated with your account. You can download certain account information, including your Tags, by following the instructions [here](#). On “V” VISION, you can request correction, deletion, or modification of your personal data, and download your account information, by following the instructions [here](#). You can learn more about the interests we have inferred about you in [Your “V” Data](#) and request access to additional information [here](#). To submit a request related to access, modification, or deletion of your information, you may also contact us as specified in the How To Contact Us section of our Privacy Policy (Additional Information or Assistance).

D.2 – Deletion

We keep Log Data for a maximum of 18 months. If you follow the instructions [here](#) (or for “V” VISION [here](#)), your account will be deactivated. When deactivated, your “V” account, including your display name, username, and public profile, will no longer be viewable on vodvoice.com, The “V” for iOS, and The “V” for Android. For up to 30 days after deactivation it is still possible to restore your “V” account if it was accidentally or wrongfully deactivated.

Keep in mind that search engines and other third parties may still retain copies of your public information, like your profile information and public Tags, even after you have deleted the information from our services or deactivated your account. Learn more [here](#).

D.3 - Object, Restrict, or Withdraw Consent

When you are logged into your “V” account, you can manage your privacy settings and other account features [here](#) at any time. It may take a short amount of time for privacy settings to be fully reflected throughout our systems.

D.4 - Portability

The “V” provides you a means to download the information you have shared through our services by following the steps [here](#). “V” VISION provides you a means to download the information you have shared through our services by following the steps [here](#).

D.5 - Additional Information or Assistance

Thoughts or questions about this Privacy Policy? Please let us know by contacting us [here](#) or writing to us at the appropriate address below.

If you live in the United States or any other country outside of the European Union, EFTA States, or the United Kingdom, the data controller responsible for your personal data is VODVOICE, LLC with an address of:

VODVOICE, LLC
Attn: Privacy Policy Inquiry
Reno, Nevada 89509

If you live in the European Union, EFTA States, or the United Kingdom, the data controller is VODVOICE, LLC, with an address of:

VODVOICE, LLC
Attn: Data Protection Officer
Reno, Nevada 89509

You can confidentially contact The “V”’s Data Protection Officer [here](#). If you wish to raise a concern about [our use of your information](#) (and without prejudice to any other rights you may have), you have the right to do so with your local

supervisory authority or VODVOICE, LLC's lead supervisory authority, the Irish Data Protection Commission. You can find their contact details [here](#).

E - Children and Our Services

Our services are not directed to children, and you may not use our services if you are under the age of 16. You must also be old enough to consent to the processing of your personal data in your country (in some countries we may allow your parent or guardian to do so on your behalf). You must be at least 16 years of age to use "V" VISION.

F - Our Global Operations and Privacy Shield

To bring you our services, we operate globally. Where the laws of your country allow you to do so, you authorize us to transfer, store, and use your data in the United States, Ireland, and any other country where we operate. In some of the countries to which we transfer personal data, the privacy and data protection laws and rules regarding when government authorities may access data may vary from those of your country. Learn more about our global operations and data transfer [here](#).

When we transfer personal data outside of the European Union, EFTA States, or the United Kingdom, we ensure an adequate level of protection for the rights of data subjects based on the adequacy of the receiving country's data protection laws, contractual obligations placed on the recipient of the data (model clauses may be requested by inquiry as described below), or EU-US and Swiss-US Privacy Shield principles.

The "V", Inc. complies with the EU-US and Swiss-US Privacy Shield principles (the "Principles") regarding the collection, use, sharing, and retention of personal data from the European Union, EFTA States, and the United Kingdom as described in our [EU-US Privacy Shield certification and Swiss-US Privacy Shield certification](#).

If you have a Privacy Shield-related complaint, please contact us [here](#). As part of our participation in Privacy Shield, if you have a dispute with us about our adherence to the Principles, we will seek to resolve it through our internal complaint resolution process, alternatively through the independent dispute resolution body [JAMS](#), and under certain conditions, through the [Privacy Shield arbitration process](#).

Privacy Shield participants are subject to the investigatory and enforcement powers of the US Federal Trade Commission and other authorized statutory bodies. Under certain circumstances, participants may be liable for the transfer of personal data from the EU, EFTA States, or the United Kingdom to third parties outside the EU, EFTA States, and the United Kingdom. Learn more about the EU-US Privacy Shield and Swiss-US Privacy Shield [here](#).

G - Changes to This Privacy Policy

We may revise this Privacy Policy from time to time. The most current version of the policy will govern our processing of your personal data and will always be at <https://vodvoice.com/privacy>. If we make a change to this policy that, in our sole discretion, is material, we will notify you within theG.com, The "V" for iOS, or The "V" for Android, via The "V" owned and operated The "V" account (for example [@vodvoice.Support](#)), or by sending an email to the email address associated with your account. By continuing to access or use the Services after those changes become effective, you agree⁹ to be bound by the revised Privacy Policy.

Effective: June 31, 2022

Archive of Previous Privacy Policies

- A. The many sides of you. Let your imagination run free. Explore your interests with a number of different identities.
- B. Hello, World. Your profile information is displayed under your photo and username on your profile page.
- C. Keep a low profile. Friends want to tag you in a photo. Lucky you. If you are not into that sort of thing, you can always change your settings.
- D. Spam stinks. We scan your Direct Messages to try and prevent spam for you and our service.
- E. Just like email. Only send Direct Messages to people you trust. Remember, even though someone cannot Re-Tag your Direct Messages, they still have a copy of your message.
- F. Approved by you. We use your payment information to process transactions you have approved and for fraud detection.
- G. Not hungry? You can change your cookie settings in your web browser.
- H. Transparency matters. We remove content from our services when it violates our rules, like if it glorifies violence. When that content is gone, we want you to know.
- I. You are in control. Even as The "V" evolves, you can always change your privacy settings. The power is you!
